Step 1 - Wall Brackets

- 1 Product is secured to a wall using 2x Angled Wall Brackets
- 2 Brackets have 2x pre-drilled holes for wall fixing & 5/10/15x Holes for the frames
- 3 Before drilling, ALWAYS check for internal electric & water pipes
- 4 Secure the bottom bracket by drilling, adding raw plugs, adding screws
- 5 Now the bottom frame pin, into the bottom bracket
- 6 Now measure the distance to the require top bracket
- 7 Now secure the top wall bracket into place

Step 2 - Poster Frames

- 1 Now as the frames are double-sided-usage
- 2 Insert 2x Posters in each frame
- 3 Now insert each loaded frame in-between the 2x wall brackets
- 4 Future - Poster Changing = Simply lift out and replace them

Step 3 - Lighting

- 1 To finish-off the whole display, always add an attractive overhead light
- 2 Tip - If you have purchased the 'Gold Corner Version' - attach a 'Gold Light'
- 3 Tip - If you have purchased the 'Silver Corner Version' - attach a 'Silver Light'
- 4 Tip - Where possible, power from inside your wall, thus avoiding any ugly cable showing
