Step 1 - Wall Brackets

- 1 Product is secured to a wall using 2x Angled Wall Brackets
- 2 Brackets have 2x pre-drilled holes for wall fixing & 5/10/15x holes for the frames
- 3 Before drilling, ALWAYS check for internal electric & water pipes
- 4 Secure the bottom bracket by drilling, adding raw plugs, adding screws
- 5 Now connect 2x Metal Pin Clips to 1x Frame, with the metal pins at the highest points
- 6 Now insert into 1x hole of the bracket, and calculate the distance up to the top bracket
- 7 Now secure the top wall bracket into place

Step 2 - Poster Frames

- 1 Now add 2x Metal Pin Clips to each supplied frame
- 2 Now insert all frames into the wall brackets
- 3 You will need to adjust the clips to ensure they fit in the both wall brackets

Step 3 - Posters & U-Pockets

- 1 Gather 1x U-Pocket and 2x Posters
- 2 Sandwich the posters back-to-back - and slide into the U-Pocket
- 3 Approach the display and insert the U-pocket with posters into the top of 1x frame
- 4 Now repeat 2 + 3 until all your frames are completed
- 5 Future - Poster Changing = Simply lift out and replace them
