

Sidewinder Roller Banner - Graphic Displayer

Sidewinder Roller Banner - Graphic Displayer

Details:

Indoor Roller Banner System
Very Good Solid Base
Comes with Padded Carry Bag
Graphic is *NOT* Supplied

Cassette Measurement:

W1000mm x D160mm

Graphic Measurement:

Graphic Print = H2120mm x W1000mm
Graphic Visual = H2000mm x W1000mm
(Graphic is not Supplied)

Graphic

- 1 Print your Graphic @ H2420mm x W1000mm
- 2 From the height, 300mm is not visual, that is within the cassette
- 3 Hence, avoid any vital details that is not visual
- 4 Just remember your visual print is = H2000mm x W1000mm
- 4 Now attach the top holding strip to the top of the Graphic

Assembly:

- 1 Open the cassette storage area
- 2 Add the bottom of the Graphic into the cassette
- 3 This is done by, a simple peel & stick action
- 4 Now add the poles into the centre of the cassette, until they are fully erect
- 5 Now pull the graphic up - and connect to the top of the poles
- 6 You should now have the Graphic in full use

De-Assembly:

- 1 Lift graphic off the top pole - and **gently** allow the graphic to go into the cassette
- 2 Remove the poles, pack away - that's it
