Based on the shown 6x2 = Replace all 12x A4's with 6x A3 Landscape Acrylics

- 1 Tools required = **Drill + Raw Plugs + Pencil + Spirit Level**
- 2 **Safety First** = As you will be drilling holes into your wall - check the wall for possible hidden Electrical Cables & Gas Pipes / Water Pipes
- 3 With the help of an assistant, hold the panel against your wall and level it with a spirit level
Now mark the 4x pre-drilled holes (each corner) with a pencil - Now remove the acrylic panel away from your wall
- 4 Now drill 4x holes and insert 4x raw plugs within the drilled holes
- 5 Now secure the wall stand-off's into the 4x raw plugs
- 6 Once again, with the help of an assistant, re-introduce the large acrylic, over the protruding wall stand-off's
- 7 Now secure the acrylic panel, utilising the stand-off cover caps (simple screw-in action - That's it
- 8 Now simply add your documents into each A4 Acrylic, simple bend-out-insert-action - **Warning = Don't over bend the acrylic!**
