Clear Title Panel = Insert Your Description

Smart silver stand-off wall fixings

Fitting:

Tools required = **Drill + Raw Plugs + Pencil + Spirit Level**

Safety First = As you will be drilling holes into your wall - check for cables & Pipes

- 1 With the help of an assistant, hold the panel against your wall and level it with a spirit level
- 2 Now mark the 4x pre-drilled holes (each corner) with a pencil
- 3 Remove panel, and drill 4x holes, add raw plugs, add wall section of Silver Stand-off's
- 4 Now place panel over the wall stand-off's, and secure panel to wall, secure with front stand-off's
- 5 Take your images, add their names, slightly bend Photo Pockets to insert Photo's
- 6 You can change photos - with a simple in-and-out-action!
